

A greener Orsa that brings people together

Election manifesto 2026

Short english version
Green Party in Orsa

miljöpartiet de gröna

ORSA

Orsa should be a place where everyone can live a good life — close to nature, culture and other people

We want to build on what makes Orsa strong: people who care, local associations, our villages, beautiful nature and the willingness to look after one another.

The Green Party wants a greener Orsa that brings people together. We want the municipality to use its money responsibly, while protecting good public services, culture and nature. We want safer everyday travel, stronger local communities and better conditions for local businesses.

We want an Orsa where people can feel at home — whether you live in the municipality centre or in a village, whether you are young or old, and whether you have lived here all your life or have recently arrived in Sweden.

The decisions we make today shape Orsa's future. We want to protect what makes Orsa special and create new opportunities for the people who live here.

Our **three** most important priorities

1. More safe **walking and cycling paths** across Orsa
2. A trial with **shorter working hours** for municipal employees
3. A **cultural right of access** for every school pupil — with more opportunities to take part in arts and culture

Vote green
in the upcoming election!
